

## Divisionals and Invitationals....

### What's the Buzz?

Let's explain for the newbies what we mean by "divisionals and invitationals". Both are swim meets but they are very different. The only similarity is they occur on the same weekend at the end of summer swim season.

**Divisionals:** Stingrays belong to the Northwest Swim Circuit which is divided into divisions. Depending on a team's performance the previous years, it is placed in a certain division. Our division includes Brushy Creek, Georgetown and Forest North. During the regular season, we swim against those teams and others and at the end of the season, we have a three-way "divisional" meet. Scoring is different but it's too much to explain here. This year, the divisional meet is **July 17 at Brushy Creek's pool, Sendero Springs.**

**Invitationals:** Each swimmer who participates in the Invitational meet has qualified during the regular season or at the divisional meet. Each age group and event has certain "invitational qualifying times". Therefore, it's an individual effort; not a team-based meet. This year, the invitational meet is **July 18 at the UT Swim Center.**

#### Important note about Divisionals from your coaches...

Please participate in the Divisionals meet on July 17! It's very important that as many swimmers compete as possible because the scoring is very different than regular meets. Therefore, we need everyone. You are a very important part of the Stingrays team and that does not end until after Divisionals!

**Thank you!**
